A Tale of Two Cities [illustrated] Jubilee Edition

Cyclopedia of Painting : containing useful and valuable information on the following subjects: adulteration of paint, blistering of paint, brushes, calcimining, carriage painting, china painting, colors, color harmony, color mixing, color testing, exterior painting, gilding, graining, house painting, marbling, mildew, oils and driers, oil painting on glass, painting a bath tub, painting in distemper, paperhanger's tools, paperhanging, pigments, plain oil painting, primary colors, priming, scenic painting, sign painting, stains, staining, stencilling, turpentine, varnishes, varnishing, water color painting, when not to paint, practical points on painting, useful information It is not here intended to advocate the idea that each workman should, as in olden times, manufacture his own colors and varnishes; the rate of wages as compared with the expenses at the present day wholly forbid such a system; but it is strongly urged that the painter should know the qualities of the various substances he employs in order that he may judge of their fitness for every kind of work, and likewise that he should be able to prepare them if circumstances require him to do so.
